LIST OF CONTRIBUTORS

It is a pleasure to declare that the contributors to this book are well-known experts in corporate governance in banks. They represent more than 20 countries of the world. Taking into account that corporate governance in banks is quite new and unique area of research it could be taken for remarkable progress of the academic community. Moreover our contributors represent both academic and corporate worlds. Representatives of British Bankers' Association, Federal Reserve Banks, European Commissions, universities from developed and developing economies composed the perfect team of contributing authors.

The full list of these well-known experts including their affiliations could be found at the end of the book. Besides that the names of authors could be found also in the chapter headers of the book.
